

BREATHALYSER® GEL

ORAL CLEANSING GEL FOR DOGS AND CATS

Breathalyser® Gel is a unique product formulation to help decrease bad breath & maintain good oral hygiene. **Alcohol free** pleasant tasting with surface adherents & thickeners to hold the gel onto oral surfaces for prolonged activity.

Features:

- Ready-to-use, no mixing required
- Reduces sources of halitosis, does not just mask bad breath
- Easy-to-use for busy multi-pet households and elderly pet owners
- Improves at-home dental compliance

Directions:

- Apply **Breathalyser® Gel** onto the gums of the upper and lower molars on each side of the mouth.
- Alternately, the gel may be applied to a cotton swab or bud and applied directly to the molars and gums.
- For best results use daily or as directed by your veterinary health care professional.

Packaging: 120 ml bottles, 6/case
